

Travelling

Travelling to the Erasmus Medical Center, Rotterdam, is easiest by plane to Schiphol, and then per express train (intercity) to Rotterdam Central Station (Rotterdam Centraal). The intercity from Schiphol leaves every half an hour and goes directly to Rotterdam Central Station.

Travelling from Rotterdam Central Station to the Erasmus MC can easily be done by public transport. The Erasmus MC is located next to the Metro station Dijkzigt. Taking the metro at Rotterdam Central, you need to change at Beurs from the blue Erasmus Line (north-south) to the red Caland Line (east-west), into the direction west. Dijkzigt is the second stop. Also tram 8, which stops at Rotterdam C.S., stops nearby Erasmus MC at the stop 'Erasmus MC'.

Hotels

Concerning hotels we usually recommend the following hotels for staying overnight in Rotterdam. They are not too expensive and all are within walking distance (5-20 min.) from the Erasmus MC. If any of these accommodations fail to meet your expectations, please let us know.
